PATIENTS AND FAMILIES: THE WEBINAR SERIES**

***PRESENTS***

# **ADJUSTING OUR RESPONSE TO DRUG POISONINGS**

**Presenters:** Corey Ranger and Cherlyn Cortes

**Hosts:** Victoria Maxwell

In April 2016, BC's Provincial Health Officer declared the first-ever public health emergency following an unprecedented increase in fatal overdoses. The province's drug toxicity crisis now continues into its seventh year, with over 2,272 lives lost in BC alone last year.

Join us for a special edition of the webinar series to unpack the ever-changing landscape of drug poisonings, emerging issues, and lessons learned from working in overdose prevention. The panel features the voices of lived experience and clinical best practice in the harm reduction field.

**Friday, April 28, 2023**

**2:00-3:30 PM PST via Zoom for Webinar**
